

Q20) Print outer Triangle of Binary Tree.

- print only left.
- print leaves in left side
- print only leaves in right side
- print only right edges.

```
void printBoundary(Node n){  
    if (n == null) return; s.op.(n.data);  
    printLeft(n.left);  
    printLeaves(n.left);  
    printLeaves(n.right);  
    printRight(n.right);  
}
```
